NEW YORK SUMMER SCHOOL

OXFORD  ROYALE®

SUMMER SCHOOLS

Experience the Energy of New York City

New York is a city that offers endless possibilities. With world-renowned museums, iconic landmarks, and countless cultural attractions, Oxford Royale is offering ambitious young people the opportunity to experience two-weeks in one of the most exciting cities on earth.

As a student at Oxford Royale's New York Summer School, you'll have the unique opportunity to live and learn on campus at Columbia University, one of America's eight prestigious Ivy League universities. Right in the heart of Manhattan, Columbia is known for its academic excellence, innovative spirit and strong research background, boasting Barack Obama and Franklin Roosevelt amongst its impressive list of alumni.

During your own time here, you'll be immersed in this unparalleled academic environment, while getting plenty of opportunity to experience everything that this vibrant city has to offer.

Life on Campus at Barnard College

Curious about what life may be like at an Ivy League university? With Oxford Royale, students get a fully immersive experience on one of Columbia University's magnificent campuses: Barnard College.

Nestled in the vibrant neighbourhood of Morningside Heights in Manhattan, Barnard is an integral part of the Ivy League's Columbia University. The campus offers a blend of classic architecture and modern amenities, perfectly capturing the energy and tradition of one of the world's leading universities.

You'll live, study, and dine just like an undergraduate student, giving you an authentic taste of university life. Located on the Upper West Side, Barnard's campus is minutes away from Central Park, Broadway, and an endless variety of restaurants, theatres, and cafes. Living on campus lets you experience true New York college life and is the perfect base for all your summer adventures.

Beyond the Classroom

Off campus, the opportunities to explore this exciting city are endless.

Be Immersed in Art and Culture

New York's art and culture scene is unmatched. From the Museum of Modern Art (MoMA) to the Metropolitan Museum of Art, you'll have the chance to see priceless works and groundbreaking exhibitions, just a subway ride away.

Experience Broadway

Whether you're a theatre enthusiast, or have never been before, the dazzling performances, breathtaking theatres and world-class talent will leave you spellbound.

Take in Iconic Landmarks

No visit to New York is complete without seeing its famous landmarks. Catch breathtaking views from viewing platforms such as the Empire State Building, stroll through Times Square and take a ferry ride to see the Statue of Liberty.

The Experience

Unique Learning Model

Our teaching brings out the very best in every individual by expanding on what they already know and broadening their understanding. Our outstanding faculty develop and run career focused courses to help drive students towards ambitious goals, motivating them to achieve their full potential. Students have the chance to escape the boundaries of traditional education through collaborative learning, interactive projects and hands-on activities such as making robots, live debates, building a business plan or taking part in a mock law trial. The cultural enrichment and social activities offered aim to help students build lasting friendships and discover their chosen location through guided tours, exciting excursions and so much more, including the grand finale of the Oxford Royale experience: the graduation ceremony.

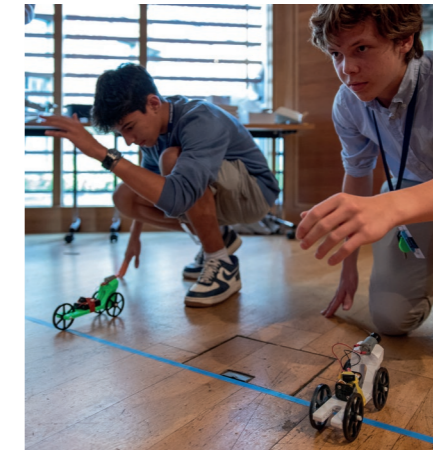

Join a Global Community

We believe that global awareness, varied cultural experiences and broad international networks are key to carving a truly strong and successful path in a highly competitive world. Oxford Royale's summer schools offer exactly this. Many young people are capable of exceptional academic and personal success, but they are simply not aware of opportunities available to them. By offering a taste of quality higher education, multi-cultural experiences and innovative subject matter, we help them identify their strengths, passions and ambitions. Our aim is for all students to have a life-changing experience, while having fun!

Workshops

Hands-on classes designed to help students learn through practical application.

Masterclasses

An interactive forum with an expert in the field, giving students valuable insights into related and new topics.

Guest Speakers

Successful and famous guest speakers offer students the chance to pose their most important questions.

Debates

Essential for honing students' reasoning abilities and public speaking skills.

How You'll Learn

Interactive Lectures

Dynamic lectures given by passionate teachers packed with facts and viewpoints to engage the audience.

Group Projects

An opportunity to work closely with, and learn from, different perspectives.

Seminars

Working in pairs and small groups, students have plenty of opportunity for discussion and debate.

Educational Trips

Our trips provide real examples of the course subject in action, and bring students' learning to life for them.

Courses for 16 to 18 Year Olds

Planning for a successful future becomes a top priority for students aged between 16 and 18. This crucial period marks a time when students contemplate which university they might choose and which field of study to pursue. Many of them are also looking further ahead to consider potential career paths. Oxford Royale's summer schools offer an unparalleled opportunity for ambitious individuals to decide on the next steps toward a bright future.

For further detail on our courses, visit www.oxford-royale.com/courses

Economics & Finance

Gain the knowledge and skills to navigate the complexities of the modern business environment. This programme integrates the complementary disciplines of economics and finance, to give students a well-rounded perspective on the financial, strategic, and microeconomic and macroeconomic factors that influence business decision-making.

Engineering: Software, Robotics & AI

Get to grips with the key concepts of computer science, including programming languages, the software development process, how robots are built and programmed, and how artificial intelligence integrates with robotics.

Applying for a Place

How to Enrol

Our online application form takes just a few moments to complete, and will ask you for the name and details of the student enrolling, as well as the person paying the fees. All you need to do beforehand? Choose your course and the location in which you'd like to study, and decide on the dates that suit you.

“What a wonderful experience for my son!
He not only learned about his potential future career but about himself. The organisation and quality of teachers is great, and the experience will have a long-lasting effect on his life!”

Rubby, Oxford Royale Parent
